ONE OFF 45 MOTOR SAILER BARRACUDA DESIGN

BROKER'S COMMENTS

"This 45-metre aluminium vessel was built by Alu Shipyard, a shipyard specialised in advanced aluminium construction. Construction began in 2008 in a modern, purpose-built production facility and was carried out under the supervision of RINA, ensuring high standards of quality and safety. The aluminium construction provides a strong and lightweight platform, suitable for completion as a luxury yacht, expedition vessel. An attractive opportunity to acquire a substantial aluminium yacht (sailing or motor) at an advanced stage of construct. The casco will be auctioned soon!"

Arjen Hoeksma

SPECIFICATIONS
